**THE WEALTH FLOW PROPHECY CONFESSION**

This flow is a move of God  
I am the target of the Wealth Flow and God is the source. His love for me is the force behind the wealth Flow. The whole earth and its fullness belong to my Father.

The Flow is moving me to my prepared place. The Flow is effecting a wealth transfer to me and my prepared place is full of milk and honey. The Flow has now brought wisdom to me. My mind is aligned with my Father's. The riches He has prepared for me are being transferred to me. It has been mine all along, the riches were not theirs all along.

The hand of man will not effect this change, power and might will not make this transfer happen. The Flow, the Flow, a supernatural move will set things in the rightful place. The Flow is effecting a wealth transfer for me. The force of favour and faith will propel me. I am taking what was mine all along.

The wealth that before now was only seen by the world, will be seen and handled by me, the righteous one. I am ready for favour and I attract favour. I am ready for favour in my business, I am ready for favour in my job. I am ready for favour everywhere I go. I am ready for favour. The wealth Flow has begun and its continuing. Its unstoppable. It is effecting a wealth transfer to me.

The wealth Flow has begun and there is no going back. It is right now effecting a wealth transfer for me. I am ready to receive all He has revealed to me. It is not late, for its never too late with God. I am ready to receive all that He will yet reveal to me.

For its coming in waves and torrents. Its coming through various vessels. Its coming at different speeds. It's coming and it's getting faster. It's coming to me His destination and His target. The wealth Flow has begun and it's continuing and the wealth Flow is here and its here for me.

The wealth Flow to fulfill the Father's purpose in me is not for me to show off but for my Father to show me off in righteous abundance and draw many men to Him.

**OPEN AGAPE DAY - SUNDAY 17TH NOV. 2024**

Open Agape Day is where church folks who are in need of clothes, shoes, foodstuff, and household items can come and pick for themselves freely. Members who have items such as foodstuff, clothes and shoes for children and adults (male and female), and households items that are still in good condition should please support those who do not have by bringing in these items to the welfare department in the church office. Please, they should be in good and presentable condition.

FCG heads are hereby informed to be present to identify their members because TCC members who are committed in FCGs would be given preference during the distribution.

**TESTIMONY**

**M**y testimony is on God's deliverance for me and my family from a possible fire outbreak or gas suffocation.

A few days before the incident that brought about this testimony, a fat rat gained entrance into our house through the back door that was mistakenly left open one evening. We attempted to kill the rat using different means but the fat rat escaped all the traps we set for it. We continued to look for the rat but it was difficult to trace where it was hiding.

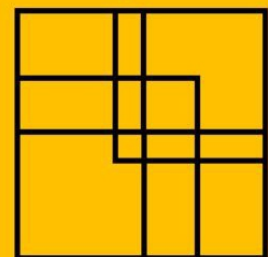

Many days later, at about 2:00 a.m., one of my children burst into our room and I opened my eyes immediately. She calmly told me and her father that we should stay calm and listen to what she had to announce to us. I quickly jumped out of my bed not sure of what she had to say. There was no power and everywhere was dark except for the torchlight she came into our room with.

My daughter calmly told us that our cooking gas was leaking and had escaped into the sitting room. We all ran into the sitting room to see the extent of the leakage. We heard the hissing sound of the gas and the whole place was filled with a strong choking smell of gas. We tried not to use our phones and avoided anything that could ignite a fire. I went straight for the door and opened it wide to the main door, and also opened the windows. We were all feeling sick and choked because of the gas we had inhaled while trying to open everywhere and allow air to come in. Then, we stood outside for the gas to escape. The good thing that God also did for us was that there was no power that night.

We discovered that the fat rat we had been searching for had cut the pipe inside the kitchen which led to the leakage that brought in the gas from the cylinder outside. My daughter told us that she was sleeping in her room when she suddenly started feeling sick and felt like throwing up. It was accompanied by a stomach ache, so, she stood up to examine herself. Then, she realized that gas had slipped into her room from the sitting room and was choking her. She told us that she got up immediately to trace where the choking smell was coming from only to discover that the whole sitting room was filled with gas that had escaped from the kitchen.

I give God praise for His deliverance over us. I thank God that my daughter woke up just in time to save the situation. There could have been a fire outbreak if there was power (PHED) that night or some of us could have choked and died in our sleep but the goodness and mercy of God saved the situation and preserved our lives.
