TESTIMONY

I noticed that breast milk was coming out from my breast. I am not a nursing mother, and I am not pregnant. I became so afraid because I had not seen such in a long time. I called my doctor and complained to her; she billed me fifteen thousand naira for the treatment. While I was still making the call, a friend of mine walked into my shop and overheard me telling the doctor that the money was too much. After the phone call, he asked me if I had been praying at all. Then, he said that I should go down on my knees and tell God my problems and that God will hear me.

He invited me to the program: *Discovering Treasures 2022*, and that was day two. When he mentioned it, I frowned. Later in the day, he still asked me to come and drop something for him in the Church. I thought he was trying to trick me into attending the program, but at last, I made it to The Carpenter's Church. After the worship, the man of God preached, but the moment Pastor Nkechi climbed the stage, she mentioned my case. She said, "There is a lady here, she is not a nursing mother, but breast milk is coming out from her breast". Immediately my body changed, I felt something going out from my body. My breast started vibrating, and tears started rolling down my eyes; that was when I noticed that my healing had taken place.

I want to use this medium to return all the glory to God almighty and to thank Pastor Nkechi whom God has used to heal me. Glory be to God... God is indeed in TCC.
