**Testimony**

After returning from a trip outside the country, I needed to travel to see my parents outside Port Harcourt on account of my dad being under the weather. Before now, several attempts to travel to the town proved abortive as my spirit was ridiculously reluctant to take the trip for unknown reasons. Scriptures say the steps of a good man are ordered by God. I needed those ordered steps. Finally, the journey was embarked upon after I had prayed and got peace.

While there, I started feeling funny symptoms and almost simultaneously, my wife called to say that my son was ill too. So, I directed that he should be taken to the children's hospital where he was admitted. I had to cut my trip short to return to Port Harcourt to see my son. While at my son's bedside, my symptoms worsened and I subsequently told my wife to drive me to another hospital where I was immediately admitted. My Haemoglobin level was noted to be very low besides other treatments. My Haemoglobin level was so low that the treating doctor averred that it was incompatible with life. Meanwhile, my son had got better and was discharged from the hospital. I was losing blood via my back passage, referred to as melena, and incomprehensibly so.

Several blood tests and imaging investigations carried out showed no cause of bleeding except the usual malaria 1+. During the period, it was laborious to engage my buccal cavity because of the paucity of physical strength.

My wife recorded declarations and played them for me to agree with. My stay in the hospital was characterised by strange visits in my dreams. Particularly, there was one visit where someone was trying to poison my drip, only to realise it was unconnected to my Intravenous cannula.

The blood of Jesus prevailed. Zoom prayers were set up for me by my global friends where intercessions and declarations were made. Pastors Derrick and Jeff were reached out to for their prayers. The zonal pastor called my wife during the period also.

Miraculously, I woke up one morning and realised all my symptoms had gone.

What the enemy meant for evil, God turned it out for good. I walked out of the hospital on December 15th 2022.

To GOD be all the glory.
